

Welcome back Falcons!!

My name is Mr. Osborn and I am your proud Principal. It is great to be home. Yes, I too, am a JFK Falcon. This year will be a very busy year as we will start off with raising student achievement throughout our school. We can and will become the “A” we once were. I am so excited to implement many fun programs and activities that will bring excitement to learning and bring back that school pride that I feel when I walk through these hallways.

Please also understand that the Code of Student Conduct will be strictly followed this school year. Disruptive behavior and poor conduct will not be tolerated and for those that choose to misbehave, they will be disciplined quickly and effectively.

The school year is challenging and I know that when we focus on student learning, parental commitment and support and our community partnerships, there is absolutely nothing that can get in our way. So I welcome you to “Soar” with me on a path of learning and success. Together we can and will make a difference.

Go Falcons!!
